## 「陰陽調和，安定圓滿」

### — 謹存正念便能終始皆吉

「既濟」是已經渡過河，象徵一切到位的圓滿狀態。

「既濟」水火相濟而且陰陽調和，展現安定與圓滿，象徵事物發展至成熟階段。然而，正因是圓滿，故此會有逐漸走下坡的風險。陰陽消長，物極必反是古今不易的規律。「守成」往往是最艱難的任務，如何保持最佳狀態，極須防患於未然。慎防初始吉而最終亂。

COMPLETION

63

**"Harmony of the positive and negative forces,  
Stability and Consummation"**  
*- Righteous thoughts always bring prosperity*

**"Completion"** refers to after the crossing of a river, symbolizing the optimal wholeness of everything in place. It also represents the harmony of fire and water elements and the complimentary positive and negative energies demonstrating stability, cohesion and wholeness. It further depicts a mature stage in the developmental course of things. However, because these matters are consummation, there are risks of a gradual decline. In both ancient and modern laws of nature, the continuous positive and negative ebb and flow together would be reversed when reaching two extremes. Maintaining the accomplished wholeness of people and matters is often the most difficult task. How can we preserve the best state requires careful foresight to prevent decline or disorder. We are to acknowledge the initial good luck granted and avoid chaos at the end.

**Artist reflection**

This painting shows the importance of life balance; enjoy harmony and inner peace. Although we also need to consider potential crisis when it comes to safety at the same time.
